EXPERIENCE

FULL STACK DEVELOPER INTERN | INEURON

July 2022 – Dec 2022 | Hyderabad, India

- Developed full-stack e-commerce and doctor-patient consultation portal with MERN stack.
- Gained hands-on experience with the project's development and production readiness.
- Built numerous assignment projects in collaboration.
- Worked on enhancing responsiveness and code optimization using libraries and frameworks.

WEB DEVELOPER | IEEE VBIT-SB

December 2017 – March 2018 | Hyderabad, India.

- As a volunteer web developer for the occasion, I created a website with details about the event, registration options, and a chat room for attendees to interact.
- By planning and executing the event, I gained administrative expertise as well as real-world marketing and event promotion experience.
- Interacted with IEEE volunteers from a variety of fields and worked together to create products for my entrepreneurial journey.

SPECIALIST - BUSINESS DEVELOPMENT | PEOPLELINK UNIFIED COMMUNICATIONS

November 2021 – July 2022 | Hyderabad, India.

- Conducted business worth 0.5 million rupees.
- Worked on increasing business revenue and sales in northern India.

PROJECTS

VIDEO CONFERENCING APPLICATION | JAVASCRIPT (MERN)

2022

- Group Video calling, Chatting, File sharing, Video Recording, and Hand Raising were all included.
- Other technologies, such as Web Sockets with Socket.IO and WebRTC, have been used in addition to the MERN stack.
- Its functionalities are comparable to Zoom, Google Meet, and other video conferencing apps.

DOCTOR-PATIENT CONSULTATION PORTAL | JAVASCRIPT (MERN)

2022

- Features include Patient, Doctor and Admin dashboards along with Appointment booking, payment and Authentication.
- Bcrypt, JWT, and other node packages were used in addition to the MERN stack.

E-COMMERCE APPLICATION | JAVASCRIPT (MERN)

2022

- Features include Product listing through the Admin dashboard, Ordering, Checkout, and Authentication.
- The MERN stack, along with other node packages, was used to create features comparable to those found on Amazon, Flipkart, and other e-commerce platforms.

SKILLS

PROGRAMMING
